Chauvin Old-Timer Dies At Viking

Chauvin's second reeve, who was familiarly known to us all in the early days as "Curly" has passed to the Great Beyond. He left Chauvin for Viking in 1914, and since that time has there maintained the popularity that he had in our midst. The following account of his death and funeral is taken from the last issue of The Viking News.

Again we have the painful duty to report the passing of one of our well-known and respected citizens. This time the Angel of Death came and took his toll at the A. O. Omen home and bereft the wife and son, of the bread winner and support of the home Arthur Oscar Omen. The community was greatly shocked and saddened Saturday evening February 11 to hear of the sudden death of Mr. Omen. The fact could hardly be realized He had been ill just a short week. He took a chill on the preceding Sunday evening and went to bed and grew steadily worse until the end came last Saturday evening at six o'clock just as the town bell was striking the hour. He suffered severely from pneumonia and pleurisy and all that medical skill and attention could do was done for him, but withstand the sudden attack, and he passed away after six days of illness.

Funeral services were held from the Community church at 1.30 p.m. Tuesday. The Viking Curling Club of which the deceased was president, marched in a body in front of the casket which was carried by six pall bearers, Messrs Noble Graham, J. L. Dodds, J. L. Slavik, Lar Kelly, Angus Ross and Amor Long, from the residence to the church. The church was filled to capacity with a host of friends and mourners who came to pay their last respects to the departed. The Rev. Mr. Jas. A. Wheeler preached a very fitting sermon and as he spoke of the departed there was not a dry eye in the audience. The choir rendered an appropriate anthem, "He Wipes the Tear From Every Eye." The casket was covered with flowers and wreaths. A large wreath from the Curling Club on which was inscribed, "Our President," a large wreath from the Wainwright curling club, wreath from the Reliance Lumber Co., and sprays from Mr. and Mrs. J. L. Dodds, Mr. and Mrs. J. L. Slavik, Mr. and Mrs. Wm. Moderwell, and the Women's Institute, Viking.

Among those from out of town attending the last ceremony were Mrs. Irving, of St. James, Minnesota, a sister of the deceased, Messrs Arthur and Fred Poirier, brothers of Mrs. Omen, from Chauvin and Mrs. Sevigney, and Mr. Woodley, also of Chauvin, Alta.

Burial took place in the Viking cemetery.

Arthur Oscar Omen was born June 30th, 1880 at St. James, Minnesota. He received his early education there and graduated from the high school in that town in 1902. He went to North Dakota the following year, and later came to Canada in 1904, finally coming to Chauvin in 1900 to manage the lumber business of Miller & Daley who sold their business to the Reliance Lumber Co. In 1912 he was married to Miss Dora Poirier,

of Chauvin. In 1914 he was transferred to Viking to take charge of the Lumber Company's yard and resided her until his death.

The late Mr. Omen had the honor of being the first Reeve of the Village of Chauvin, and also was captain of the victorious baseball team of those days. On coming to Viking he also took interest in civic affairs and in 1916 was elected to be Reeve of the Council. His biggest interest the past which game he excelled, always being a hard man to beat. He was a popular and jovial curler and he will be missed at the games and the bonspiels which he regularly attended whenever he could get away from business caress. During the flu epidemic of 1918 he had a severe attack from which he never quite recovered. This condition no doubt had a great deal to do with his ultimate and untimely end. He will be greatly missed as a citizen and friend and the members whose once familiar presence is a distinct loss.

Left to mourn him are his wife, a six year old son, Archie, and three sisters, Mrs. Thos Erving, of St. James, Minnesota, Mrs. John Beck also of St. James, and Mrs. Otto Wenstrom, of Texas.

The bereaved wife, son, sisters, and relatives have the deepest sympathy of the whole district in their great loss.

Chester Bull Dies In Hospital

We regret to have to record the death of Mr. Chester Bull last Sunday morning, February 26th at the hospital in Edmonton. About one month ago Mr. Bull left for treatment of appendicitis, ad his condition became critical a few days ago. In answer to a wire Mrs. Reinhart went to Edmonton on Friday last.

The body was brought down to Chauvin Monday morning, and the funeral will be conducted to-day.

In Memoriam

In loving memory of our dear son Frank Simpson who died on the 26th of February 1920.

Two years have gone, our hearts still sore,

As time flies on we miss him more,
Your tender smile, your loving face
No one can fill your vacant place.

Inserted by his sorrowing parents.

Election Results

The following are the announced results of the municipal elections.

Division No. 1—	
Dumont, J. A.	38
Semple, J.	16
Division No. 3—	
Dallyn, J.	64
Lang, E. B.	55

The official figures of the return-officer will be published later.

Card Of Thanks

Mrs W. J. Harris wishes to acknowledge with thanks the receipt of a gift of flowers and fruit from the Manitou Lake Ladies Aid.

The Funeral Mrs. Ferguson

Despite the most rigorous cold weather prevailing. Thursday February 23rd, there was a large turnout of friends and neighbours to pay their respects on the occasion of the funeral of Elsie, wife of Alexander Ferguson. The capacity of the building was taxed to overflowing when Rev. Millar conducted the service at Prosperity.

A short service having been held in the home, the pall bearers, Messrs W. O. Harris, John Bell, George Bell, Andrey Skoag, Jeff Swan, and Charles W. Ryall bore the casket to the casket to the schoolhouse where a most impressive service was held, Rev. W. Millar officiating. In his address, he made a fitting reference to the character of the deceased lady stating that she died as she lived—in the Lord.

A procession was then formed and after a drive of some eleven miles the Chauvin Cemetery was reached in which place the body was laid in its final resting place.

Mrs Ferguson was sixty-two years of age, and is survived by her husband and her four children, James, Riddle, Elsie and Alex Taylor and four step children, Dan, Annie, Marjorie, and a younger brother, Alex McDonald, of Winnipeg, and brother-in-law Samue Chambers, of Outlook, Sask., who with Angus Chambers, a nephew, were present at the funeral.

By the death of Mrs Ferguson the district has suffered a distinct loss.

Mrs Ferguson was one of the pioneer ladies of the district, moving in from Manitoba, in 1908, after locating in 1907. During the fifteen years that have passed Mrs Ferguson has shared in all the vicissitudes of our pioneer life, and endured her share of the hardships inseperable therefrom. Beyond the circle of her home life she has ever played the part of a woman, which means she has exhibited all the finer qualities of humanity. She belonged to that class of woman whose name seldom appears in print, but those helping hand and heart is found hard at work for every good cause that needed the worker. In many homes she will be remembered because of kindly help when it was needed. In the church and social life of the district she played a full part, and during the war the Red Cross work got her full and hearty support. The U.F.W.A. have support. She was ever a firm supporter and worker for the U.F.W.A.

Floral tributes from the family, Mr and Mrs W. O. Harris, Mrs Spence and the U.F.A. and U.F.W.A. rested on the casket.

Card Of Thanks

Mr A. Ferguson, and family wish to express their sincerest thanks to all friends and neighbours whoshowed their sympathy and gave their services so freely during the short sickness of wife and mother, and during the hours of bereavement and sorrow.

A. FERGUSON & FAMILY

Mrs. L. E. Roy accompanied by her little son entrained for Edmonton, Friday evening.

Crop Recovered By Action In Supreme Court

On Tuesday, 21st February, the action by Olin Dorland, of Edgerton against the International Harvester Co. Ltd. and John Sayer, was tried in the Supreme Court at Edmonton, before Justice Walsh.

Plaintiff's farm was sold by the International Harvester Co. under a mortgage sale at Ribstone, on June 19th 1920, A. E. Foxwell, of Chauvin, being auctioneer. The defendant John Sayer purchased it for \$3010 and in September he entered into possession of the land, seized the crop, which had been cut and partly threshed and carried it off.

His right to take the crop was disputed, this action was brought to recover its value, or alternatively to set aside the sale on the ground of error.

The Plaintiff's witnesses said that during the progress of the bidding, the auctioneer was asked whether he was selling the crop as well as the land, and that he replied that he was selling the land and not the crop; and one of them, R. V. Stevens, who bid \$3000, said that but for this statement he would have bid more.

The defendant Sayer denied that this had been said, and maintained that he had bid \$3010 for the land and crop together. But letters were produced which he had written to the International Harvester Co's solicitors immediately after the sale, asking if he could take the crop, or a third of it as rent.

On the evidence the Judge held that the crop had not been sold, and he gave judgement against Sayer for the value of the crop at the date of seizure, \$1455.00, with costs of action. The claim against the International Harvester Co. was dismissed without costs.

H. C. Boyd of Edgerton was solicitor for the plaintiff, with G. B. O'Conner, K.C., as Counsel. H. V. Fieldhouse of Wainwright appeared for Sayer, and S. W. Field for the National Harvester Co.

Natural Resources

That active negotiations are in progress between the federal and provincial governments regarding the question of the disposal of natural resources is admitted by government officials here.

Hon. Charles Stewart, when seen regarding the statement of Hon. J. R.R Boyle that a letter was on the way to Alberta containing a federal offer, refused to many any statement.

Although it was intimated that was the case, the sentiment about the department of the interior appeared to be one of resentment that anything should have been given out about the matter while negotiations are at their present state.

Hon. W. L. Motherwell made the suggestion recently that this question should first be settled between the federal government and the prairie provinces, and if that were affected the latter would then be ready to acceded to any reasonable claims from the maritime provinces.

Fools, for arguments, use wagers

Honor Won By District At The Provincial Fair

The district has done well with its exhibits at the provincial seed fair, and Chauvin has gotten its quota of prizes. In fact it has done far better than the most optimistic prophet expected. In all classes the competition was particularly keen, there being over 600 exhibits at this fair.

Whilst no local exhibit won a place for wheat, it is to be mentioned the what of Tom Armour with only four points less than the winning wheat certainly was a credit to the district of which we are all so proud. It is also recorded that all local exhibits gained good scoring, and were nearer the top than the bottom of their respective classes. E. A. Pitman won fourth place with his oats, and incidentally the first place went to our neighbouring district of Wainwright. E. Lasell had the honor of taking first place with his flax. Dave Reynolds placed Chauvin in the Corn Belt with his exhibit. In the corn exhibits the competition was centred in the south, and it is to be noted that there were some rather immature exhibits from the south, but that Chauvin should take second place only to the irrigation farms at Brooks is a matter in which we all may justifiably take pride.

In compiling the following list of prizes we have taken notice of all the prizes won in the district centreing around Chauvin, and extending to Lloydminster on the North, Wainwright on the west, with Provost on the south. There can be no gainsaying that this northern district is well able to hold its own against all "Banana" and "Corn" belts, (so alled belts (so called).

Marquis—1, M. Watson, Provost. Red Fife, zone 2, Edkin Krott, Edgerton, Alta.

Long Oats—1, C. C. Boyd, Wainwright. 4, E. A. Pitman, Chauvin. Medium Oats—4, G. S. Baker, Wainwright.

Short Oats—1, William Pick, Sulphur Springs. 2, C. C. Boyd, Wainwright.

Spring Rye—2, F. Brown, Lloydminster.

Flax—4, E. Lasell, Ribstone.

Brome—5, P. J. Shumaker, Provost.

Rye Grass—4, Wm. Pick, Sulphur Springs, Alta.

Corn—2, D. ReRynolds, Killarney Lake, Alta.

ASPARAGUS

Common Asparagus (Asparagus officinalis) from which the improved varieties in present use have been derived is a member of the Lily family. It is found throughout Europe, and grows wild in the South and Southwestern coasts of England. It is a delicious vegetable coming into use early in the season and on this account should receive more favorable consideration from persons resident on the prairies.

Asparagus is raised from seed, but where only a few plants are required it is better to purchase one year old roots, which can be had at a very reasonable cost from any good nursery.

It prefers a rich well drained soil with a southern exposure and should not be planted near trees or close to buildings which tends to produce thin shoots.

To raise from seeds, select ground that has been well worked and thoroughly manured the previous year. Loosen up and rake the surface fine, breaking up all lumps. Draw a furrow with the rake or hoe about two inches deep; before sowing, soak the seeds in warm water from 18 to 24 hours. As the young plants are very fine and hard to see, it is a good plan to mix a few radish seeds as they germinate much quicker and with their broad leaves the row is

Delicious Cookies—Chauvin Bakery

more easily seen and cultivation can be commenced earlier. Sow the seeds in the furrow as early in the spring as possible, covering with fine soil and pressing down with the rake or hoe.

As soon as young plants appear which should be from 8 to 12 days, commence cultivation with the rake to keep down weeds and conserve moisture. When the plants are well up thin out to two inches apart. Apply a mulch of well rotted manure at intervals of two weeks to encourage as much growth as possible. In the fall when the tops are withered, cut them down and remove to the rubbish heap or burn. Protect the young plants by covering with manure, and allow to remain in the seed bed until the following spring, when they will require to be removed to the permanent bed.

A permanent asparagus bed if properly made and cared for will continue to yield a supply of good shoots for ten years or longer, it should therefore be located in a part of the garden where it will not be disturbed. Beds may be made about 4 feet wide; any length; and the plants set from 1½ to 2 feet apart each way, or they may be planted in rows, plants 2 feet apart and 4 feet between the rows. To prepare the ground, dig or trench to a depth of from 12 to 18 inches deep incorporating a lib with the soil. Remove the soil all over the bed to a depth of about 8 inches and level with the rake. Mark where the plants are to be set and make a small mound of soil for each plant, take the plants and set one over each mound spreading the roots out carefully, be sure that the crown is resting on the soil.

After the plants are in position replace the soil about them pressing firmly about the roots, and cover the crowns to a depth of 5 or 6 inches.

As the plants make growth keep adding more soil until the bed is level with the surrounding ground. Keep the surface free from weeds and the surface by raking and hoeing. If the weather is dry mulch with 4 inches of well rotted manure. In the fall cut ripe tops and burn the refuse, before freeze up protect the plants with a heavy mulch of stable manure. As soon as growth starts in the spring rake off the loose straw and fork in the manure carefully so as not to damage the roots. Keep beds free from weeds by frequent light cultivation and when dry weather sets in give a good mulch of well rotted manure. The crop should not be cut this year but do everything to encourage the plants to make good growth to increase the size of crowns for next year. In the fall cut the ripened tops as in the previous year and burn, then add a mulch of manure to protect the plants. In the spring remove loose straw from the beds and fork in the manure carefully as before. Keep down weeds and the surface of soil loose with hoe or rake.

A few of the stronger shoots may be cut this year but it is better to cut sparingly and allow the strength to go into the crowns for next year when the plants will be thoroughly matured and will stand cutting. Plants in their fourth year should be gone over each day. In cutting

A BALLAD OF TREES AND THE MASTER

Into the woods my Master went, ..
Clean forspent, forspent,
Into the woods my Master came,
Forspent with love and shame.
But the olives they were not blind
to Him;

The little grey leaves were not blind
to Him;
The thorn tree had a mind to Him
When into the woods He came.

Out of the woods my Master went,
And He was well content,
Out of the woods my Master came,
Content with death and shame.
When Death and Shame would woo
Him last,

From under the trees they drew Him
last:
Twas on the tree they slew Him—
last,
When out of the woods He came.
—Sidney Lanier.

AN INDEPENDENT WEEKLY NEWSPAPER CIRCULATING THROUGHOUT
ARTLAND, CHAUVIN EDGERTON, RIBSTONE, MERTON, SIFTON, & MANITOU LAKE

VOL.8:NO.404. CHAUVIN, ALBERTA, WEDNESDAY, MARCH 1st 1922 5c. per copy \$2.00 per year in advance

Values of Farm Land & Produce Greatly Reduced

The average value of the occupied farm lands of Canada, which includes both improved and unimproved land, together with dwelling houses, barns, stables and other farm buildings, is returned to the bureau of statistics as \$40 per acre, as compared with \$48 in 1920, \$46 in 1919, \$41 in 1918, \$38 in 1917, \$36 in 1916, and \$35 in 1915.

By provinces, the value for 1921 is highest in British Columbia at \$122. In the other provinces, the average values of farm lands per acre are reported as follows: Ontario \$63, Quebec \$59, Prince Edward Island \$46, Nova Scotia and Manitoba \$35, Saskatchewan \$29, New Brunswick and Alberta \$28.

Farm Wages Lower

For the year 1920 the average wages of farm help were the highest on record. For 1921, the returns show a very substantial reduction. For the whole of Canada the average wages per month of farm helpers were for men \$67 and for women \$42, including board, the average value of which was \$22 a month for men and \$18 a month for women. In 1920 the corresponding averages were \$86 for men, including board value \$26, and \$47 for women including board value \$20.

Not only do the average values for all descriptions of farm livestock show an extraordinary decrease as compared with 1920 but they are also below the values which were ruling before the war. For horses, the val-

ues are the lowest on record since these annual returns were begun in 1909. For Canada as a whole, horses under 1 year average \$38, as against \$49 in 1920; horses one year to under three years, \$79, against \$102; and horses three years old and over \$123 as against \$151.

Cattle under one year are \$12 as against \$20; cattle one year to under three years \$26 as against \$45 and three years and over \$39 as against \$67.

All Livestock Low

For all descriptions the average value per head for Canada, is for horses \$83 as against \$10 in 1920; for milk cows \$51 as against \$47; for all cattle \$37 as against \$59; for sheep \$6 as against \$10; and for swine \$14 as against \$23. For swine per 100 lbs liveweight the average is \$10 as against \$15 in 1920. The per capita values are the lowest of any during the last seven years. 1915 to 1921, except that for swine, the value being in 1915 being \$14 as in 1921.

The average price per pound of wool in 1921 for Canada is 14 cents for unwashed and 22 cents for washed as against 22 cents and 32 cents in 1920.

For Canada the average values per head of each rescription of farm poultry are returned as follows:—Turkeys, \$3.39 as compared with \$4 in 1920; geese \$2.42 against \$2.80; ducks \$1.25 against \$1.50; other fowls 90 cents against \$1.08.

Mistress: "Sarah, have you been meddling with the barometer?"

Sarah: "Yes, m'm, You see, yesterday was my night out, so I put it to fine."

Serious Fire Narrowly Averted At Chauvin

The biggest fire that Chauvin ever had was only averted by the prompt action of Rene Page, with one of the small chemical fire extinguishers. Last Thursday at the Alberta Restaurant it was discovered that the the woodwork around the chimney in the kitchen was catching fire. An alarm was given, and the two Chauvin fire engines brought along in quick time, whilst Rene had got to work with the chemical. A few minutes work soon averted further danger, but not before much damage was done by chemicals and water, and structural damage caused by the necessity of uncovering any lurking fire in partitions, ceilings and walls.

At the time of the outbreak the wind was blowing steadily from the south, and had the fire gotten beyond control there is no doubt that the whole block would have been swept away by the fire.

With the enthusissm unbalanced by experience the fire fighters took considerable risk by discharging both chemical engines at the same time, but fortunately the fire was quelled and no serious consequences arose.

Dunning May Be Saskatchewan's Next Premier

Hon. Wm. Martin, premier of Saskatchewan is in Ottawa and credence is given to the report that he is to be appointed to a newly created judgeship in the Saskatchewan court of appeals and that he will be succeeded as premier by Hon. Charles A. Dunning, one of the ministers in his government. An announcement to this effect is expected in a few days.

Liquor In Alberta

In answer to questions in the house Premier Greenfield stated that the net bonded indebtedness of the Province at February 7th \$38,527,935. The gross indebtedness is \$63,236,856.

The net revenue from transactions in liquor during 1921 was \$250,000 with a total turnover of \$571,862.

Red Cross Notes

The continued cold weather has increased the demands for clothing relief received by the Alberta Division, Canadian Red Cross, with the result that the organization is making strenuous efforts to meet the situation. From many districts come reports that much relief will be needed before Spring.

The fund which is being raised to help out with this work, gains slowly. Contributions to the total of \$1610.40 have been received at the Provincial Headquarters of the Red Cross, O'Sullivan Block, Calgary. Donations made be made to the nearest Red Cross unit or direct to the Provincial Headquarters.

St. Andrew's Society

A general meeting of the St. Andrew's Society was held in Mr. Keith's office on Saturday February 18th with, a good attendance of enthusiastic members.

Mr. Keith presented a report of receipts and expenditures in connection with the St. Andrew's dinner on January 25th, showing a balance on the credit side after paying all expenses.

A motion was passed expressing the hearty thanks of the Society to the ladies and all who assisted in connection with the Burns Night Celebration.

It was decided to hold a concert in the near future and a committee was appointed to make the necessary arrangements. The date will be announced in a later edition of the Chauvin Chronicle.

A campaign has been instigated by the federal Department of Agriculture to increase the volume and improve the quality of Canadian bacon for the British market. It is realized that by maintaining steady shipments of high class bacon, Canada can retain a discriminating, consuming public overseas that was gained during the war years.

Assorted Cookies, Doughnuts, Muffins and Pies for sale every day at Chauvin Bakery.

Notes From North East

The entertainment given by the Learig Dramatic Society was a pronounced success. The proceeds of \$36 odd form the nucleus of next years Xmas tree fund.

The special meeting called to discuss school matters in connection with the Fram School district resulted in no definite decision being reached on the boundary question.

A great deal of talk is going the rounds regarding the C.P.R. Cut Knife extension. In the words of a former English premier we prefer to "Wait and see."

The trails are good for hauling now, but alas there is little to haul except wood.

The Fram Grain Growers Association will hold their usual monthly meeting on Saturday evening next at 8 o'clock.

The Artland school is certainly making things hum to start with. Be on hand for the chicken supper, Friday night. A good time is promised.

Our sympathies go out to Andy Ferguson in his irreparable loss.

Let the knockers strike—no one wants them on the job anyway.

NOTICE TO RATEPAYERS
OF THE
MUNICIPAL DISTRICT OF MERTON
No. 451

This brand book is sent out by your Council with the object of helping ratepayers to locate the owners of stray stock.

It has been the endeavour of your Council to make this Brand List as complete as possible; and every care has been exercised in compiling a correct description of Brands.

If your Brand is not in this book, or is incorrectly described, please notify the Secretary-Treasurer.

L. B. NICHOLSON
Secretary-Treasurer
Dina, P.O., Alberta January 1st 1922

of the part of the enthusiasts of the society, that during eight years the society has accumulated real property worth far more than the sum total of the combined village and municipal grants. These grounds and buildings are at the disposal of the public and are a real asset to the community.

It resolves itself into giving the society an opportunity to make good and at the same time to ensure to ourselves some of the conveniences of public holidays and events.

Clara: "I thought you said you'd marry a musical man, and now you've engaged yourself to one who can't even read your notes!" Maud: "True, dear; but he can afford to spend them."

TO THE RATEPAYERS OF THE
MUNICIPAL DISTRICT OF
RIBSTONE, No. 421

Card Of Thanks

Ladies and Gentlemen:—
I desire to take this opportunity of thanking you all for your support in the past; and for your mark of esteem in again electing me by acclamation for a further term of office for District No. 2., I assure you that I shall at all times endeavour to serve your interests, and the interests of the whole Municipal District so long as it is my privilege to represent you on the Council.
Your obedient servant,
A. FERGSON

Editorial

AGRICULTURAL GRANTS

Why give a grant?
Does it pay?
Who gets the money?

The subject of granting money to the agricultural society was discussed from several angles at the annual meeting of the ratepayers a week ago. They agreed. They agreed that a grant should be given, and a good grant should be given to the agricultural society. The reason for this agreement was a common recognition that the money would be spent in permanent improvements, or in other words, that assets corresponding to the amount of the grant might be accumulated—preferably in buildings, such as stock shelters, etc.

That the amount of the grant be spent upon providing merely a day of recreation would not be considered, either by the council, or by the officers of the agricultural society.

MONEY NOT SPENT ON PRIZES

Nor do we find, on analysis that the amount of the grant is liable to be spent upon prizes, or prize money. In any given class there is a fee of ten per cent, in addition to the membership fee, to be paid by the exhibitor; and there is about sixty per cent of the prize money provided by the government in the form of a grant. Under these circumstances, if

the society receive a fair number of entries, it can make both ends met. The degree of success by the Chauvin society, in this respect is creditable..

PRIZE WINNING NOT MONEY MAKING

Again looking at this phase of the question from the point of view of the exhibitor. He cannot, under any circumstances make money by exhibiting his stock, or produce, at the local fair. What with the time and labor spent it is quite impossible. He enters, maybe because of indirect benefits, but chiefly because of his keen interest and love of his avocation. And because of this is proud of his work, and delights in beating the other fellow to it. At the same time and in the fraternity of his calling he finds it possible to compare notes and the tangible proofs of his neighbors progress. Surely there can be no greter stimulus than this, (other than the obvious one of a fair price for the produce)..

Generally speaking the prize money is paid by the exhibitor himself and the provincial government. The society finds it a task of sufficient difficulty to pay necessary operating expenses. And it looks for grants to enable it to carry out a program which shall provide the necessary accommodations for a fair ground.

A SOURCE OF PROFIT

There can be shadow of doubt that

it pays. The Chauvin fair grounds have been for the past few years one of the landmarks for travellers on the trains. Chauvin is instantly recalled by the aid of it's fair ground. If there is such a thing as advertising —this is the finest advertisement we possess.. A good strong fair is a source of profit for all—townsfolk, farmers and owners alike. It is a shortsighted viewpoint that sees only what it costs, and what it costs them in particular, and that fails to see that every forward step brings us toward the ideal for which we should all strive, and incidentally a bigger income whilst on the road to our goal —the best and the most profitable in each and every branch of agricultural enterprize carried on in our midst.

ROUNDING OUT THE CIRCLE

We can, and do, look after the social, economic, and political end of our farming interests through our U. F. A.s, but we leave a big gap in the circle if we do not look after the practical end of our business by failing to support the agricultural society.. This is foundation work, and like most foundations, are liable to be overlooked by the casual observer.

BUILDING UP ASSETS

Why nobody in particular gets the money. The community as an whole gets the advantage of these grants. Its purely a matter of history, a history of continued personal endeavour

Production of
Seed In Alberta

According to Dominion Experiment al Farm experience at Lethbridge and Lacombe, Alberta, offers splendid opportunities for seed production. In 1916 a hundred bushels of six-rowed barley was imported from the state of Idaho, where it had been grown with improvement for a number of years. Sown on a twenty-acre patch in Southern Alberta it yielded 75 bushels to the acre, but at Lethbridge and Lacombe the high yields of 109 and 114 bushels respectively were obtained. A well-versed United States Traveller testifies that in his opinion seed of exceptional quality could be grown in Alberta including seed wheat, oats, barley, peas, flax, alfalfa, sweet clover, red clover, timothy brome grass, western rye and of many kinds of vegetables. It is a fact not generally known that for years past purchasers of seed oats from the middle states have made Al-

School Supplies—Chauvin Pharmacy

for the multiplication and distribu- tion of pure seed were established in Alberta and have proved satisfact- ory. In the irrigated districts of Southern Alberta, gratifying success has been achieved in the governing of seed, especially that of alfalfa of which the yield runs fourteen bush- els to the acre'

Premium For
Bacon Hogs

Grading of hogs offered for sale throughout the Dominion has been approved and is scheduled to be put into force on May 1st, 1922, by the Dominion Department of Agriculture after its desirability had been en- dorsed at a conference of breeders, producers, market officials and pack- ers. This is regarded as the longest step forward to set the national bac- on industry on a sound basis since the early days, thirty years ago, when the bacon hog was first popu- larized.

GOURLAY PIANOS
MENDELSSOHN
PIANOS
ESTEY ORGANS

A. C. GIFFORD,

Its importance lies in the three fol- lowing features:—

1. The grading sets an authorita- tive standard for our bacon hog.
2. It enables breeders and farmer- producers to aim more exactly for the ultimate market, in Canada and in Great Britain.
3. It puts a definite premium on the bacon hog which was agreed should not fall below 10 per cent. over the fat hog.

The following classification into nine grades was unanimously ap- proved:—

Select Bacon Hogs:—Jowl and shoulder light and smooth, back from neck to tail evenly fleshed, side long, medium depth dropping straight from back, ham full, good general finish, no excess fat, weight 160 to 210 pounds.

Thick Smooth Hogs:—Not con- forming to Wiltshire standard, but of smooth fleshing and finish: weight 160 to 210 pounds.

Heavies:—Any type of smooth fleshing and finish, weight 210 to 260 pounds.

Ext'a Heavies:—Any type of smooth fleshing and finish: weight over 260 pounds.

Lights and Feeders:—Any type of smooth conformation, unfinished; weight 160 pounds and under. any weight.

Sows:—All females that have rais- ed one or more litters: No. 1. sows of smooth finish and smooth under- line up to 350 pounds: No. 2. all other sows'

Stags:—Hogs that have been cas- trated, and are well healed before being offered for sale.

The above weights are at stock yards, and packing plants: farm weights, therefore, will rule from 10 to 15 pounds more for the respective grades.

One thing in this movement that overpowers the rest is the general recognition that the future of hog breeding in Canada depends directly upon the production of the proper bacon type, both for the export and domestic trade. This recognition is not new; it has been a creed within the industry for a quarter of a cen- tury. But recently it had weakened through war conditions and the in- roads of the fatter types. The re- assertion of its importance at Otta- wa gives it new life and vitality.

SKYWARD

Professor of Chemistry:—"If any- thing should go wrong in this exper- iment, we and the laboratory with us might be blown sky high. Come closer, gentlemen, so that you can closer, gentlemen, so that you may be better able to follow me"

NERVOUS OR NAUGHTY

Mrs. Blank had been blue and ir- ritable all morning and her little one suddenly asked, "Mamma, why is it that when it's me they call it naugh- yt, but when it's you they call it nervous?"

NO RISE IN THE PRICE OF BREAD

Flour has advanced in the last fifteen days \$1.25 a barrel. But you can still purchase that 10c LOAF of BREAD at same weight as before flour advanced.

Ribstone U. F. A.

RIBSTONE U.F.A.

Ribstone Local U.F.A. No. 867,
held a meeting Saturday, Feb. 25th.
A good number being present.

The minutes were read and approved, also accounts ordered paid.
discussion of same, were ordered filed.

The balance of meeting was spent in talking over the advisability of a Beef Ring for the coming summer. The following named persons were chosen as a committee on same to gather information and report at next meeting.

John Dallyn, A. Dallyn, H. S. Burton.

Ribstone Notes

Born to Mr. and Mrs. Thos Coles,
a son February 22nd. Mother and
baby doing fine.

We are glad to report Mrs. James
Royce is recovering from a very severe
attack of pleurisy.

Mr. Brockman Burton drove to
Unity Thursday last, to visit friends

Ribstone looked like a deserted village
Monday, owing to the election.

Mr. W. Clasper has put in another
pool table. Business must be looking
up "Bill."

A Sheriff's sale of furniture including
range, leather covered chairs etc.
will be held at Ribstone, March 6th
at 2.30 p.m.

**ANOTHER INNOVATION IN
C.N.R. PASSENGER EQUIPMENT**

In line with the general policy of
providing the travelling public with
most up-to-date improvements in
passenger equipment to the conveniences
of its patrons, the Canadian
National Railways are now installing
in all their day coaches, tourist and
standard sleepers, parlor observation
cars etc., Finback drinking cup
holders so as to permit passengers
to readily secure individual drinking
cups, when desired.

The cups will be provided by the
patrons free of charge, and to ensure
an adequate supply always being on
hand in each car, arrangements have
been made whereby the Finback
drinking cup receptacles will be filled
at divisional points when necessary.

This new feature in passenger
the Canadian National Railways' de-

sire to furnish the travelling public
with the most modern improvements
and character service.

IMMIGRANTS

Alluding to a statement made by
Senator G. F. Pearce, in a recent address
before the Canadian club in
New York that the participation by
the dominion in the Washington
conference gave them a share in the
empire's future policy, the Times
says one of the greatest results immigration
must accomplish is to ensure
that the direction of the future
policy of which Senator Pearce spoke
is carried out by the dominion not
for individual gain, but for the empire
as a whole.

Two actors were waiting to see a
theatrical manager, in view of obtaining
an engagement, and during the
wait they were boasting of their theatrical
engagements. "Ah, by boy,"
said one, "when I played Hamlet the
audience took fifteen minutes to leave
the theatre." The other actor looked
at him. "Oh" he inquired gently,
was he lame?"

Rheumatism ?

Or Neuralgia, Sciatica, Lumbago?
The remedy is simple, inexpensive,
easily taken and harmless.

Apples In Manitoba

Wherever grown in Manitoba the
improved types of crabapples bear
prolifically in some districts. Apple
culture in Western Canada is steadily
increasing; such progress has been
in fact, that Mr. J. H. Evans, deputy
minister of agriculture, Manitoba,
recently declared that apples
would soon be found in nearly every
farm in the country. Quite a number
of varieties are now produced and the
quality is excellent. Other tree fruits
such as plums and cherries, have al-

so been successfully introduced
through the efforts of government
horticulturists and lay enthusiasts.

Insurance Agent—"But you surely
agree to taking out an insurance policy
to cover your burial expenses?"

Wily Scot—"Na, na, mon; I might
be lost at sea!"

When making jam, wipe the inside
of the copper pan with a piece of
paper which has been rubbed over
with margarine. This will prevent
the jam, when boiling, from adhering
to the pan and burning.

Wedding Bells

RODDEN—KING

The marriage of Miss Ruby C. Rodden daughter of Lieut. Col. and Mrs. Rodden of Chauvin, to Mr. L. King of the Merchants Bank, Mundare, took place at St. Joseph's Rectory, Edmonton on Sunday February 26th 1922.

Rev. Father Patton officiated at the ceremony.

Miss Mollie B. Rodden, sister of the bride acted as bridesmaid, the bridegroom being supported by Mr. J.

A MacKenzie of Chauvin. Mr. and Mrs. King have taken up their residence at Mundare. We join with their many friends in wishing Mr. and Mrs. King the best of health and happiness.

Local Notes Of Interest

The marriage of Miss Alma Godin to Mr. Fred Anderson was celebrated at the Sacred Heart Church Monday morning. Our account will appear next week.

Owing to late calls for advertising space, we are compelled to leave several items over for the next issue.

A business meeting of the members of the St. Andrew's society will be held at the residence of Mrs. R. H. Mann, Chauvin, 3 p.m., Saturday, March 4th.

A very pleasant time was spent at the G. W. V. A. social and dance Friday last at the Oddfellow Hall. A short program was given and music was supplied by the Chauvin G.W.V. A. Symphony Orchestra.

The local members of the 19th Alberta Dragoons are back from their school of training at Calgary. They are all looking well and report having had an enjoyable time with lots of hard work.

The annual meeting of the members and congregation of the Westminster Church will be held at the termination of the evening service, next Sunday, March 5th. The church managers particularly request the attendance of every member of the con-

gregation can find it possible to be present.

Mr. and Mrs. Gar Lawson were business visitors to Chauvin, Tuesday.

A Dance will be held in Prosperity School on March 17th. Proceeds are to be devoted to the stable fund.

A dance will be held at Bert Johnson's farm, N.E. 12-45-1 Friday, March 3rd. Everybody welcome.

Rev. N. R. T. Braa, of Viking paid a pastoral visit to the congregations at Roros, Zion (Dina) and Normanna. Services were conducted at Roros in the forenoon, Zion in the afternoon, and Normanna in the evening.

Dorothy Jeanette, infant daughter of Mr. and Mrs. Klein Djuff was christened at the home of the parents by Rev. Braa, last Sunday.

Irene Claris daughter of Mr. and Mrs. Chris. Dyste was christened at the home of the parents on Sunday last, by Rev. Braa.

The regular monthly meeting of the Westminster Ladies Auxiliary will be held on Thursday, March 9th at 3 p.m. at the home of Mrs. C. G. Forryan.

A choir practice will be held every Thursday evening at 8 p.m. at the home of Mrs. Keith. All those willing to form a choir are invited to be present.

Premier Greenfield has announced that the budget will be brought down on February 27th.

Mr. J. Snell Sr made a business trip to Edmonton this week.

Mr. Laws, who spent Sunday in Edmonton, returned on Monday.

The Stanmore school opened Monday, February 27th with Mrs. Stacey as teacher.

Miss Mollie Rodden returned from Edmonton, Monday.

The marriage recently took place at Lloydminster of Mr. Oscar Johnson, of Dina to Miss Emma Myhre, also of Dina.

Mr. Silius Djuff has also joined the benedicts, having recently been married at Edmonton.

Despite the steady cold which has prevailed during the month of February, the horses are reported as doing extremely well, and most of the cattle keeping in good condition.

Flour has advanced in the last 15 days \$1.25 a barrel. But you can still purchase that 10c loaf of bread the same weight as before flour advanced, at The Chauvin Bakery.
